About This Game

This DLC is only available to purchase in the USA.

In order to be able to use this add-on livery product, you **MUST** first own the SD70 V2 Volume 2 Loco Add-on. If you check in the in-game store it will verify if you own it before you purchase.[/b]

The SD70 series of diesel locomotives, launched by the General Motors Electromotive Division in 1992, have become a familiar sight across the length and breadth of the United States, with over 4,000 of the different variants having been produced to date.

This add-on livery pack presents the SD70MAC in the modern CSX liveries known as "YN3" (blue and yellow) and "YN3B" (blue and yellow with the 'How Tomorrow Moves' variation of the logo).

You must own the SD70 V2 Volume 2 Loco Add-on before you will be able to use this add-on
